

Overdrive Orchestra "Goodbye"

Visit "[Goodbye](#)" on MotoLyrics.com

You build me up; you tear me down
You say you're mine, then you turn around and walk
away
You're out all night; you sleep all day
I know I'm not the best, but still you stay with me

Never gonna leave you
Never gonna make you cry
Never gonna hurt you
Never gonna say goodbye to you

I'm out all day; I'm never home
I keep you waiting, all alone
But still you stay; unlock the door
And now I know that I ain't never gonna leave you
anymore

Never gonna leave you
Never gonna make you cry
Never gonna hurt you
Never gonna say goodbye to you

Never gonna leave you
Never gonna make you cry
Never gonna hurt you
Never gonna say goodbye to you
