Lying is killing the good things in me  
Ask me what the time is baby, ask me honey  
My eyes shift and slide  
Sure there are reasons for acting like this  
But reasons are kill kill killing the everything we do  
Who said we'd be happy the more that we knew ?  
Oh don't come a calling with "answer me" eyes  
All you'll get my baby are blueberry pies

Instrumental

But your being lovely,  
And your being good  
Only depresses me, knowing how oddly I'm behaving  
Hello stranger - (the) stranger I've become - I'm an air  
raid  
Leaving both us orphans and four fifths afraid

So if I come begging with take me back eyes  
All you have to tell me  
All you have to tell me are blueberry, blueberry pies.
