Every thing is every where
Every one is every care
Every time is every sign
Every high is every good-bye

Don't stay
A-top a full shotgun
Maybe baby you really, really, really want some
Pop...Sound...Star

Outside
It's all maybe, baby you want some
It's all maybe, baby you got some
Compared to sky

Every thing is every where
Every one is every care
Every time is every sign
Every high is every good-bye
Every good-bye
Good-bye...Good-bye
Good-bye...Good-bye

Sun will rise and out will come my
Sun will rise and out will come my
Sun will rise and out will come my
Remember to bring every thing with love
Sun will rise and out will come my
Sunshine
You save me AH-again

Every thing is every where
Every one is every care
Every time is every sign
Every high is every good-bye

Every thing is every where
Every one is every care
Every time is every sign
Every high is every good-bye
EVERY GOOD-BYE
Good-bye...Good-bye

Good-bye...Good-bye

Sun will rise and out will come my
Sun will rise and out will come my
Sun will rise and out will come my
Remember to bring every thing with love
Sun will rise and out will come my
Sunshine
You save me again

Sunshine
I love

Sunshine
I love you, yes I

Sunshine
You save me again

Sunshine
I love you, yes I

Sunshine
I love
