I'm so glad to meet you
And I'm hoping that you're over-joyed
'Cause I got the fucked up system down
And so will you
I'm so glad to meet you and
I'm hoping that you will destroy with me --- yeah
HMMMMMMMM-
I'm so glad to meet you
And I'm hoping that you're over-j-j-joyed
All about the satanic waste
Underneath you're ÃƒÂ¢â‚¬" I'm only funnin' ya
You're only lying ÃƒÂ¢â‚¬" ya
You're only liking it 'cause you are not the man
You can't dare feel me --- ahhhhou
Underneath you're
Hook.....Wire.....Fire

Take it to war
In the meantime, baby
War
If you want something back
War
In the summertime, baby
War
If you gotta get it back
War
In the meantime, baby
War
If you wanna start something
War
If you wanna stop something
War

Way down there in the future
I was wondering if I could deploy
'Cause I've got the system down
Yea, and I swear so will you
Way down there in the future
I was wondering if I could destroy with you

Take it to war
In the meantime, baby

War
If you want something back
War
In the summertime, baby
War
If you wanna start something
War
If you wanna stop something
War
If you wanna get something
War
If you wanna find something

We ÃƒÂ¢â‚¬" are ÃƒÂ¢â‚¬" the ÃƒÂ¢â‚¬" bomb now

We are the bomb now
We are the bomb now
We are the bomb now
Yahwoahaaa

Ahhhh I'm so glad to meet you
We're all hoping that you will destroy
'Cause we came down with the system
And we made love to you
I'm so glad to meet you
And now I'm hoping that you will let us destroy
This place with you

Take it to war
In the meantime, baby
War
If you wanna start something
War
If you wanna bring it back
War
In the meantime, baby
War
In the summertime, baby
War
When you wanna stop something
War
When you wanna start something

War
Take it to war
In the meantime, baby
War
If you want something back
War
In the summertime, baby
War

If you gotta get it back
War
In the meantime, baby
War
If you wanna start something
War
If you wanna stop something
We are ÃƒÂ¢â‚¬" we are the bomb now
We are the bomb now
We are the bomb now
We are the bomb now
Yahahuuuuuh

If you gotta get it back
War
In the meantime, baby
War
If you wanna start something
War
If you wanna stop something
