[Verse 1]

I'm so bossy, bitch, get off me  
It's a different jingle when you hear these car keys  
Your SL's missing an "œS", nigga  
Your plane's missing a chef  
The common theme, see, they've both got wings  
If you fly, do it to death  
It's only one God, and it's only one crown  
So it's only one king that can stand on this mound  
King Push, kingpin, overlord  
Couth-God come 100, goin' overboard  
I got money with the best of 'em  
Go blow-for-blow with any Mexican  
Don't let your side bitches settle in  
Might have to head, but you're Evelyn  
Ballers " I put numbers on the boards  
Hard to get a handle on this double-edged sword  
Whether rappin' or I'm rappin' to a whore  
Might reach back and relapse, the wrapping of this raw  
Givenchy fitting like it's gym clothes  
We really Gem Stars, I'm like D-Rose  
No D League, I'm like "œthese close"  
'88 Jordan leapin' from the free-throw  
Ballers " I put numbers on the boards  
Ballers " I put numbers on the boards  
Motherfuckers can't rhyme no more, 'bout crime no  
more  
Mix drug and show money, Biggs Burke on tour  
25 bricks, move work like chore  
Hit Delaware twice, needed 25 more  
I see flaws, cracks in your diamonds  
CB4 when you rhyme, Simple Simon  
Come and meet the pie man " a must that I flaunt it  
The legend grow legs when it comes back to haunt us  
Ballers " I put numbers on the boards  
Can't a bitch live and say I bought her Michael Kors?  
Every car driven was decided by the horse  
Keep the sticker in the window 'case you wonder how it  
cost  
How could you relate when you ain't never been great?  
And rely on rap money to keep food up on your plates,

nigga?  
I might sell a brick on my bithday  
36 years of doing dirt like it's Earth Day  
God!  
Ballers â€“ I put numbers on the boards
