Intro: Kay Gee

phone dialling

(Hello?)

Hello it's '91. Buckle up guard your grill! Hee hee

(Har what the fuck?)

Has this ever happened to you?

Can you name this tune?

These victims knew how to guard they grill this
would've never happened!

Verse 1: Treach

I put two and two together and I came up with four
You are forever forgot forbid shouldn't have to say
much more

I been thru more crews than a flute, yeah I'll show ya
This is so damned scrap I betcha bro don't know ya
You tried to get cool and say peace, save that peace
for a jigsaw

Stay back and watch a real MC get raw

I never know, never know when another will come to
diss this

But if and whenever they come I'm runnin this merry
fist miss

I shooker the crook and shaker the fake to get like a
quick stick

It's just another one dud and is dismissed

Kitty guard your grill, well be for real, you ain't built

I'm silly-ho smackin MC's on a ninety degree tilt

The reason that it's tilted cos you're guilty, too hard to
guard

It's not you're tryin too gay, you're tryin too hard

How hard can your guard be, I say wuz up?

Guard your grill, knuckle up, put em up, yup!

Chorus:

Guard your grill, knuckle up

I ain't the type to give up

Guard your grill, knuckle up

I smoke first, so what's up
Guard your grill, knuckle up
Put em up, you ain't tough
Guard your grill, knuckle up!

Verse 2: Treach

I give em much business, an Aspirin
Damn, I love a glass chin
What are ya askin for mercy, I'm laughin
Huh, you know the game, you know the name and you
know the rep
You know the Kay, you know the Vin and you know the
Treach
There's no sleepin, no nottin, no rest and hey
No snoozin, no dozin, no f'in way
Heapin things up like a Coke cup
Wind me up but y'all I gets the low wits tha rough stuff
And after enough to cut ya off a piece, still have nuff
Then go around to them and him because ??? ???
I I got posse full a fighters all fly like a chopper
Use to couldn't take em out cos they was rowdy hip-
hoppers
There's so much gold for roast, the ??? don't knock us
My nuts are my only homies that can hang proper
At school I had a lot, I filled with VCR's and Vodka
I had two girls, one a runner, one a trotter
Back then I wore briefs, tella starter, gettin hotter
Then I grew yea long so I had to switch to boxers
How hard can your guard be, I say what's up?
Guard your grill, knuckle up, put em up, duck

Chorus

Verse 3: Treach

I don't lay, I lie, who knows like Pinnochio
Never been to Tokyo or *?Keeper's Day Bolochio?*
Guard your grill, here's a feel, I rush hard
I got the fliest ride out here, the '91 bus card
So callin me for a ride ain't the answer
Huh, you want a lift ya better pick up a transfer
Sayin we will go for one cut, now we're dead
Oh yaeh, that's bout as funny as Barbara Bush in a
bobsled
Now how wrong can you be to think we play
Even a broken clock is right at least twice a day
So now ya feelin real low, ya no flow-crow
You slow hobo, stiffer than Robo
Oh, here's another side of bein real quick
You might speak it fulla cracks, but you still ain't shhh...

So don't try at those same style battle cry
I rock the U-train, the routes that I battle by
I listen to sister shit, it til they quite slow
No matter that white rap, shoot a pharoah with a
psycho
Put down ya handgun, up which'cha hands son
Look cops they come, I ain't the damned one
I was only three steps from a peace prize
Pieces laid, piece of his eyes and his left thigh
Knuckle up, put em up, yeah guard your grill
And that's comin from Illtown, down the hill

Chorus
