Ha, ha, ha, new drink, Balley's and Henny
You ain't got no Henny, get the Remy
You ain't got the Remy any cognac'll do
Smooth criminal shit, baby

Kaiser Sosa intention
Glide in a Hummer wit the flyin' saucer engine
Willied out, at my crib in the winter having cookouts
Smack by witch, look out

I'm like Barnabas, crab niggas tryin' to conquer us
They mad, 'cuz we jump outta cabs and hop on the bus
Copin' dust, Firm Clique rock the whole Metropolis
Bitches who burn dick won't put a stop to us
Niggas who
Love is love

See, this is what I mean when we come together like
this
Incredible things take place
See, we connect thoughts to collect shorts
And only the strong survive
I love my black people, we are the future

{Black is the color of my true love's hair
His face so soft and wondrous cared }

Chop the pie up, four ways, get lyed up
Infiltrate, never violate get tied up
It's all a chess game, choose sides, the best remains
True lies, vibes die when bums infest the game

Bogus shit shots, you woke but let your man get locked
I love this hip-hop, stock the bank let the Crist pop
Peep the next shit, push a big Benz, fuck a Lexus
The streets was hectic, so I stacked and made my exit

More doe to get, focus my thoughts for me to go legit
Ferocious shit, cop a huge castle, on the ocean cliff
Imagine that, a few years back, I was baggin' cracks
Magnum gats, playin' street corners, commitin' savage

acts

Twistin' up, nuttin' but love for niggas sittin' up
Hold your own, try comin' home wit out gettin' touched
Two for one, laws made foul how they do the young
Whose new to come, tried to tell shorty he shoulda
threw the gun

{Black is the color of my true love's hair
Of my true love's hair}

Knowledge the green Wallies, all I see
Mama hold math like caller I.D.
Chose the path that chose me
I'ma tell you like G O D told me

Greed, lust, hate, and envy swepted us from Shemtie
Keep us from simply, unifyin', organizin'
We all are fallin', when we think we all are risin'
We pop Crist on the horizon, topless chicks wit thick
thighs and

I'd rather be civilizin', enterprisin', improvisin'
Temperature risin', L.O. Heem gave me the guidance
Told me leave those 85ers alone, blend wit the wise
men
That buy 80 G stones, twin Mercedes at homes

Fuck a juck, spend ten Gs alone on chrome
When I die they'll take my chromosomes and clone
clones
Two hundred and eight bones
Microchip kits, we most dominant

You know what time it is, that's why I exist
Jump out of limo, lims, fire the blitz, wise scientist
Applyin' this, lavi, then wide this
I'm survivin' this, quiet tribalness, finalist
Year 2000, flyin' the whips
Nine cent, mind bent, 1999 rhyme alignment

{Black is the color}

We went from, arraignments to entertainment
Twenty-four seve, the same shit, playin' the strip livin'
dangerous
Bottle after bottle, soon became a ritual
The patterns we follow, others found 'em difficult

I guess it's obvious as to what my hobby is
The root of all evil, pollute the scene niggas by the kids

Gettin' caught up, the same game done left 'em all
stuck
I reminisce on V.S. touchin' my fourth cup

Me? My only problem is I'm more fucked
Knowin' in my heart I can't sleep, till I bust off nuts
Weed religion, for all my niggas that beat the system
And those bentin', sittin' since Conico Vision

Y'all need to listen, it's journalistic
Y'all hear the whispers, "Niggas in The Firm is twisted"
Spit that fly shit that earn the bitches
Whip the chrome six up the F.D.R. it's blessed we are

See I never let 'em stress me god, forever stress free
While twistin' up logs of that Nestle
Who are you to question me? It's just my destiny
To kick back, kill time and live successfully

{When he and I will be as one}

Firm, how y'all want it? Huh? Hu
Talk to me, we give it to ya either way
We workin' wit' ch'all, this is for you
Love is, love 9-8, firm shit

{Black is the color of my true love's
Hair, my true love's hair of my true love's hair}
