This is a ghetto public announcement (weed smokers)  
Roll your blunts tight  
And light your joints  
Inhale...slowly exhale  
And that's how you get high.  
(clip from Friday)  
I know you don't smoke weed... I know this  
But I'm gonna get you high today  
Cause it's Friday, you ain't got no job, and you ain't got  
shit to do  
Pass me da green, I need some weed with my  
Hennessy {\*repeat 8X\*}  
(Inhale....exhale) Eyes selling red, got my dank from  
the Bahamas  
Went to see my girl smoke some green with her mama  
Jumped in my Cutlass on the way to the liquor store  
Picked up some blunts, got ten on the 2-0  
Fix these palm trees wit some green leaves  
Got a nigga's head spinning like the seven seas  
Puff, puff, pass, nigga that's what Simon say  
Fools that hog the green or da weed gonna get carried  
away  
Fingernails burnt, lookin like a tweeker  
Ears steadily poppin, but not from the speakers  
Green got me hungry, fiendin for them munchies  
cause real smokers don't blow no fuckin green on  
empty stomachs  
Pass me da green, I need some weed with my  
Hennessy {\*repeat 4X\*}  
Green trees pack wood, make cabbage  
I like to get high but it ain't a bad habit  
Speed up with that weed smoke comin out my 'llac  
Got a hottie in the front and one in the back  
Blowin shotguns to me and my homie  
I feel like this weed make a young nigga horny  
I stopped the fuckin lac at Holiday Inn  
I ain't even trippin, told the girls to come in  
Laid her down steady cause she know I'm ready  
Choppin up weed like motherfuckin spaghetti  
Hoes down south must know voodoo  
cause every time I hit the weed I'm lookin for Isuzus

Pass me da green, I need some weed with my  
Hennessy {\*repeat 5X\*}  
Y'all high yet?  
Pass me da green, I need some weed with my  
Hennessy {\*repeat 3X\*}  
Damn nigga y'all chokin, get the fuck out of here nigga  
Pass me da green I need some weed with my Hennessy  
Nigga I said are y'all high yet?  
Pass me da green I need some weed with my Hennessy  
{\*repeat 3X\*}  
Oh, you think you trippin now huh?  
You thinkin you hearing voices nigga?  
Well, if you is then you high nigga, but if you ain't
