Come to me high
Come to me restless
Come to me cold
Come to me helpless
Defenceless
When you're on your own

When you're alone in your room
Heaven is here at your call
But, darling, love is just one of those things
You have to ask for

Come to me high
Come to me restless
Come to me cold
Come to me helpless
Defenceless
When you're on your own

I see you there locked in a mood
Just like the sun, can't touch the moon
Give me your heart; give in to me
And forget the way down
Forget the way down
