I'm supposed to get up  
But I think instead  
I'll stay safe in my covers  
Warm in my bed

The sun's too bright  
And the floor's too cold  
So I'll roll over again  
Away from the light

There are too many worries on the otherside  
Of my blanket  
It's just one of those days and  
I don't think I'll make it  
The whole damn world is in a bad mood  
On all my good days  
So I'll stay nice and warm and  
Just keep it this way

Ooh... sophomore slump  
Ooh... sophomore slump

I could go about my day  
But I'd rather not  
I've been on overload lately  
My motivation's shot

I just need a break  
So I'll let myself stay

Right here, thanks  
So I don't go insane

There are too many worries on the otherside  
Of my blanket  
It's just one of those days and  
I don't think I'll make it  
The whole damn world is in a bad mood  
On all my good days  
So I'll stay nice and warm and  
Just keep it this way

Ooh... sophomore slump  
Ooh... sophomore slump

There are too many worries on the otherside  
Of my blanket  
It's just one of those days and  
I don't think I'll make it  
The whole damn world is in a bad mood  
On all my good days  
So I'll stay nice and warm and  
Just keep it this way

Ooh... sophomore slump
