I wouldn't take it back
I wouldn't change a thing
At least I've got something new to sing

Life is full of choice
Sometimes you have to take
A risk that in retrospect might look like a mistake

But ne-eh-ever, ne-eh-ever
Never take it back
Oh ne-eh-ever, ne-eh-ever
Never take it back

Cause you can still breathe
And you can still smile
Your strength is deceiving
It only stings a while

It felt like my world was ending
Crumbling around me like the
Real world won and
It saw right through me
It was bound to end this way
How could I be so naive
I was just a stupid girl and
Now it's all in front of me

Oh I'll just add this to the list
Of things that blew up in my face

But I'll always get back up
I'll always stand again and
I'll always fight battles that
I probably can't win

But I'll ne-eh-ever, ne-eh-ever
Never take them back
I'll ne-eh-ever, ne-eh-ever

Never take them back

Cause you can still breathe

And you can still smile
Your strength is deceiving
It only stings a while

It felt like my world was ending
Crumbling around me like the
Real world won and
It saw right through me
It was bound to end this way
How could I be so naive
I was just a stupid girl and
Now it's all in front of me

And I have done some stupid things but
This isn't one of those
And I have done some stupid things but
I just had to know
That I had tried everything and
Some things are just in vain
I had tried everything...
Oh everything...

It felt like the world was ending
Crumbling around me like the
Real world won and
It saw right through me
It was bound to end this way
How could I be so naive
I was just a stupid girl and
Now it's all in front of me
All in front of me
