Confusing reality and dreams  
Caught up in wishful thinking  
Fraying at the seams  
Asleep but not blinking

It's hard to tell what's real  
When caught up in a nightmare  
Moments that I try to steal  
Awake with eyes unaware

I don't expect you to change but I think it's worth a try  
Maybe I'm worth it, or maybe that's a lie  
It's just too bad we don't quite see eye to eye  
It seems too early to say goodbye

Unsure of what I want  
Hold back or push forward  
Be strong or follow your lead  
Shrug off the stories I've heard

I don't expect you to change but I think it's worth a try  
Maybe I'm worth it, or maybe that's a lie  
It's just too bad we don't quite see eye to eye  
It seems too early to say goodbye

So here's my problem: I only see the good in you  
What I should see: is how you'd hurt me  
I've given you a mask, so untrue  
And now I'm stuck... what do I do?

I don't expect you to change but I think it's worth a try  
Maybe I'm worth it, or maybe that's a lie  
It's just too bad we don't quite see eye to eye  
It seems too early to say goodbye
