I'm sitting here with you on my mind  
This seems to happen all the time  
When can I call you mine?

There's a clear sky, breeze in my hair  
I don't wanna go out there  
This just isn't fair

What's your problem  
I'm not like this with everyone  
You must be blind  
Too bad, now I'm done and  
I quit because  
I won't chase after  
You anymore cause  
I'm in it for the laughter...

This should be easier than this  
There are some things that we miss  
There must be something better than this

Why should I have to try and make you  
Feel the same way that I do  
I thought you'd be on cue

What's your problem  
I'm not like this with everyone  
You must be blind

Too bad, now I'm done and  
I quit because  
I won't chase after  
You anymore cause  
I'm in it for the laughter...

I'm not down if you  
Can't find time for me now  
I'm tethered down

So... this is all  
We hit a wall  
We dropped the ball

What's your problem  
I'm not like this with everyone  
You must be blind  
Too bad, now I'm done and  
I quit because  
I won't chase after  
You anymore cause  
I'm in it for the laughter...

I'm in it for the laughter.
