You just walzed into my life
And swept me off my feet
Took me by the hand
And I felt complete
Got our toes wet
Then one step at a time
Ran off into the distance
Feelin' fine

I know you tried valiently
To get me to dance
But I got two left feet
And that's a fact
I can stand on my own
But what's the use
If all I wanna do
Is run to you

It's like you stole my shoe and won't give it back
Musta done it when I feel head over heels
Then you walked away... who does that?

You almost ran away
But I was one step ahead

Not so lucky next time
Enough said
Now I'm stuck here
Draggin' my feet
When I have to turn
Around again

It's like you stole my shoe and won't give it back
Musta done it when I feel head over heels
Then you walked away... who does that?

I wanna talk to you, but my foot's in my mouth
I wanna land on my feet, but I don't know how...

It's like you stole my heart and I can't get it back
Then you walked away, I don't know how to react
All I did was fall head over heels

Now I don't know how to feel

It's like you stole my shoe and won't give it back
