I know a man  
He was born to be a poor  
It made him so complain now (??)  
He decided to settle the score  
He hit a bank  
Said he'd like taking care of my child (??)  
He will leave him high on the hole (??)  
But he only left for a little while  
Knock at his door  
Who could it be  
Noone (??) but the Law  
And then he put his gun yeah  
And he shot the first men he saw  
He killed them dead  
You know the other men shot back  
Now he's living in a wheelchair  
Down at Blackpool down on the track

Ain't it hard  
It got to be real hard  
To get what he wanted

[Let me tell you a little something else  
Now listen to the song]

I know a woman  
And he hit her every day (??)  
You know she won't find no man (??)  
She won't find a shepherd (??) just to get hurt  
You see she ain't to be  
She don't look too wrong now (??)  
But her children're hungry  
They're hungry as the day is long (??)  
You see they put her man  
They put him in an institution  
Now she ain't got nothing no  
She got nothing but a revolution  
You see she lost her job  
Now she got to try again yeah  
You ain't no welfare it (??)  
They had to get back on her feet again yeah yeah

Ain't it hard  
It got to be real hard  
To get what she's lacking
