some people say
you gotta fight for a love that's true
climb every mountain
see every trial and tribulation through

but i'm here to tell ya
oooh that's only half the lesson
now if you want a girl to come to you
you gotta leave a little room for guessin

Whoa you just be easy baby
that girl'll come a runnin to you
if you just be easy baby
ahh she'll be easy too

don't you know it's just a fool plays the card
runnin a girl down like shes a game in a school yard
now if she waits
you should turn, let her alone
she'll come to you
just as sure as you're born

be easy baby

that girl'll come a runnin to you
if you just be easy baby
ahh she'll be easy too

don't you know a woman, no,
don't wanna man down on his knees
runnin her down like a mouse after cheese
you got to be mellow if you want her affection
you get too excited, and she's off in another direction

so be easy baby
that girl'll come a runnin to you
if you just be easy baby
ahh she'll be easy too

be easy baby
that girl'll come a runnin to you
if you just be easy baby

ahh she'll be easy too
