Something told me inside  
That your love was untrue  
Something told me inside  
Something told me inside

You said, "Girl, it's alright  
I would never hurt you"  
You said, "Girl, it's alright"  
He said, "Girl, it's alright"

Just to be by your side  
I would've walked through the flames  
Just to be by your side  
Just to be by your side

Now it hurts me inside  
Just to hear your name  
Just to hear your name

I learned the hard way  
That your love is cruel  
I learned the hard way, baby  
Not to be your fool

I learned the hard way  
I learned the hard way about you  
Now I know about you  
Now I know about you

When I open my eyes  
It was all around me  
When I open my eyes  
When I open my eyes

Clouds of perfume and lies  
And a hotel key  
Clouds of perfume and lies  
Clouds of perfume and lies

And when I answered your phone  
I heard a gasp and a click  
When I answered your phone

When I answered your phone

Ooh, was that wrong number, wrong  
Or was she after your love

Just to be by your side  
I would walk through the flames  
Now it hurts me inside  
Just to hear your name

I learned the hard way  
That your love is cruel  
I learned the hard way, baby

Not to be your fool

I learned the hard way  
I learned the hard way about you  
Now I know about you  
Now I know about you

Now I know about you  
Now I know about you  
Now I know about you  
Now I know about you

Just to be by your side  
I would walk through the flames  
Now it hurts me inside  
Just to hear your name

I learned the hard way  
That your love is cruel  
I learned the hard way, baby  
Not to be your fool

I learned the hard way  
Well, I learned the hard way, baby, about you  
(I learned the hard way, baby)

Now I know about you  
(Now I know about you)  
I know about you  
(Now I know about you)

Now I know about you  
(Now I know about you)  
Now I know about you  
(Now I know about you)

Now I know about you

(Now I know about you)  
I won't be your fool  
(Now I know about you)

Listen, I know about you  
(Now I know about you)  
Your love  
(Now I know about you)

I wanna go home  
(Now I know about you)  
I know about you  
(Now I know about you)  
I said, "I wanna go home"
