Memories left in time  
Give me the strength to move on  
Accept the loss of reason  
To find find a way  
To say farewell and not goodbye

So many questions lie  
Within the depths of our past  
We keep reinventing wheels  
Await the day  
No longer sacrifice

Time slipping away this is all too real  
Can't explain the way this makes me feel  
I'll never say I didn't try  
I can't sit back and watch you die

I shall not sell my soul in vein  
Hold on so gracefully

Everything in life shall drift away  
Hold on to what's true to you

We, we shall be stripped of all our flesh  
We, we shall stand up and rise against

Time slipping away this is all too real  
Can't explain the way this makes me feel  
I'll never say I didn't try  
I can't sit back and watch you die

Embrace Insanity  
As it courses through my veins

Read between the lines  
As we corrupt our minds  
We see unrelenting greed  
I see your face  
And it sickens me  
Mass hypocrisy  
Making its way to me

Sit back watch it bleed the dream  
Inducing hate  
Another casualty

Time slipping away this is all too real  
Can't explain the way this makes me feel  
I'll never say I didn't try  
I can't sit back and watch you die

I shall not sell my soul in vein  
Just hold on tight for one more day  
Hold on so gracefully

Everything in life shall drift away  
Hold on to what's true to you
