Verse Number One

Big old snowflakes are falling....my eyes are still
misting....
Thinking of past Christmas cheer....
I've been gone for so long....it's good to get back
home...
For Christmas in the country this year....

The Chorus:

Well I'm back in the country for Christmas....
Where the home fires are burning so clear...
The family's together....the circle's unbroken...
Back in the country for Christmas this year....

Music Channel/Modulation

Verse Number Two

There's no time like the present...to say thanks to the
good Lord....

For all these good gifts we share...
We're all gathered together...round the old family
Bible...
To say thanks for Christmas this year....

Repeat Chorus:

Well I'm back in the country for Christmas....
Where the home fires are burning so clear...
The family's together....the circle's unbroken...
Back in the country for Christmas this year....

The Tag:

O....the family's together....the circle's unbroken...
Back in the country for Christmas this year
