### Verse Number One

Baby...let's go shopping...and spend a whole day to ourselves...

I want to shop until I find you....a perfect Christmas gift...

When they bring it out with a big old bow...just the way it ought to be...

Let's celebrate out dancing...and let the world see you with me...

### Music Channel

#### The Chorus:

I want to honky tonk Christmas with you.....

I want to dance to some country Christmas tunes...

Let's cuddle up real close...to jingle bells let's do...

I want to honky tonk Christmas with you...

### Music Channel/Turn-A-Round

### Verse Number Two

It's Christmas and I love you...and I love this time of year...

When you get to feeling crazy....with all this Christmas cheer...

Let's open up your present...I hope it fits just right....

Let's honky tonk together on a merry Christmas night....

#### Repeat Chorus:

I want to honky tonk Christmas with you.....

I want to dance to some country Christmas tunes...

Let's cuddle up real close...to jingle bells let's do...

I want to honky tonk Christmas with you...

#### Final Chorus:

Let's cuddle up real close...to jingle bells let's do...

I want to honky tonk Christmas...

Honky tonk Christmas...

Honky tonk Christmas with you....
