THE CHORUS:

It's loving time.....
You got my heart....not just my mind....
I surrender....all of me is on the line....
And now...darling....
It's loving time.....

Verse Number One:

When love happens....I get so sad....
Cause something 's been wrong with the best love I've
had
Lady just once...I hope your eyes are velvet clad...
And you won't think loving....a stranger's so bad...

THE CHORUS:

It's loving time.....
You got my heart....not just my mind....
I surrender....all of me is on the line....
And now...darling....
It's loving time.....

Modulation

Verse Number Two:

This time I'll slip down...
The cloth around your eyes....
The way that I'm feeling...maybe this love 's not blind....
I've opened my heart up...gave you all that's inside...
Now take me home darling...it's loving time

THE CHORUS:

It's loving time.....
You got my heart....not just my mind....
I surrender....all of me is on the line....
And now...darling....
It's loving time.....

TAG: And now....darling....it's loving time....
