THE CHORUS:

Lay those loving hands on me....
Lay those loving hands on me.....
I...just can't....help myself.....
When you lay....those loving hands on me....

Verse Number One:

Sometimes....I get so weary....
I don't need a late night show....
I just need a little bit of a whole lot of you....
And...I just want you to know....

THE CHORUS:

(You can) Lay those loving hands on me....
Lay those loving hands on me.....
I...just can't....help myself.....
When you lay....those loving hands on me....

Verse Number Two:

When I want to get together....
I don't need some fancy ring...
I just need a little bit of a whole lot of you....

When my mind is on one thing....

THE CHORUS:

Lay those loving hands on me....
Lay those loving hands on me.....
I...just can't....help myself.....
When you lay....those loving hands on me....

Modulation:

THE CHORUS:

Lay those loving hands on me....
Lay those loving hands on me.....
I...just can't....help myself.....
When you lay....those loving hands on me....
