Verse Number One:

Down through the years...this chimneys had fire....
Burning in there all the time...
When thoughts I think....turn to desire...
I want to love you...just one more time....

THE CHORUS:

Let's fall in love.....again one more time...
Let's fall in love again....
When I am thinking...and you're on my mind...
I want to love you....just one more time...

Verse Number Two:

I just keep thinking of cold winter nights...
And you holding on for dear life....

When love turned to sweet dreams....I can't forget the
sight
Of you loving me one more time

THE CHORUS:

Let's fall in love.....again one more time...
Let's fall in love again....
When I am thinking...and you're on my mind...
I want to love you....just one more time...
