Verse Number One:

I've got a number one lady....but I know a whole lot of
men...
They've got a number one lady...but keep up a number
two friend....
All of those all night parties....can't help a broken heart
mend...
Like a number one lady...loving her number one man....

THE CHORUS:

Number One Lady....number one girl...
Without you'd I'd be crazy....Yeah I'd feel like a fool...
If I look this world over....look all over the world...
There'd be one.... Number One Lady....just one number
one girl....

Verse Number Two:

Some people have fine china...some people have fine
cars....
There's been a lot of money....spent on fine things in
some bar....
Fine things can't replace you....and baby, you know who
you are...
You're my number one lady...you're my number one
star.....

THE CHORUS:

Number One Lady....number one girl...
Without you'd I'd be crazy....Yeah I'd feel like a fool...
If I look this world over....look all over the world...
There'd be one.... Number One Lady....just one number
one girl....

Bridge:

I'll search until I find you....and if I ever do....
You'll be my number one lady....you'll never
be....number two...

THE CHORUS:

Number One Lady....number one girl...
Without you'd I'd be crazy....Yeah I'd feel like a fool...
If I look this world over....look all over the world...
There'd be one.... Number One Lady....just one number
one girl....
