VERSE NUMBER ONE:

O the winds of loving you....are blowing in my life
again...

Like an eagle I'm climbing....on the wind...

I'm in your loving arms...soaring so high...

I feel you taking me...way up in the sky

THE CHORUS:

On the winds of loving you....on the winds of loving
you....

Keep taking me higher...on the winds of loving you...

Keep taking me higher....I sure love you...

The higher you take me...

The more I love....loving you

Turn-A-Round:

VERSE NUMBER TWO:

Carry me O so high....over mountains I can't climb....

To the end of the rainbows...up in the sky....

Help me over all...these mountain tops....

You touch my heart with your tear drops...

BRIDGE:

I hope this never stops....I hope you never leave...

I keep hoping you will stay with me...

THE CHORUS:

On the winds of loving you....on the winds of loving
you....

Keep taking me higher...on the winds of loving you...

Keep taking me higher....I sure love you...

The higher you take me...

The more I love....loving you
