Verse Number One:

I was drowning inside..... a pool of regret...
Thinking I'd never get back to you...
I left you alone...with a little girl two...
And hopelessly wandered from home

THE BRIDGE:

But you took my rejection...when I lost my direction...
And the courage to stand on my own...
And under the moonlight....you changed my whole
life...
And loved me the long way back home....

Verse Number Two:

I had quit my performing...my life was messed up...
Took a job...washing old cars...
I had wandered from one place to another....
Just hoping to find one more bar....

I went to bed with some pills...when I lost that big deal...
I had nothing to do....all alone...
And under the moonlight...you changed my whole life...
And you loved me the long way back home...

MODULATION

THE CHORUS:

It was under the moonlight...you changed my whole
life...
And stopped me from spinning around...
It was under the moonlight...you changed my whole
life...
And, I got my feet on the ground...

The warmth of your love light...warmed up my whole
life
And the talent that had grown so cold...
It was under the moonlight...you changed my whole life
And loved me the long way back home.....

TAG: O....you loved me the long way back home....
