Oh finally, finally  
(Here we are)  
And for good, are the three, follow me  
(It ain't far)  
Even though if it was, you could make it to the start

The enemies, do you know who they are?  
(There they are)  
A devil with the dorags be walkin', now I had it up to  
there  
Oh yeah, that's the last straw  
(The Nature's back for)  
[Unverified]

Pin the tail on the junkie, find a false flavor  
It's a new day to play with a neighbour  
Freeze the MC's that wanna see thee  
By now Naughty By Nature by me

They want me to come and come up faster, that could  
be arranged  
Dump the last of the matinee, 'cos they couldn't stand  
the damn rain  
The pain's the same, the game remains mine  
I got more hooks than a fish line

Bite the head off a snake  
Chew up from the first to last break and shoot 'em in  
the face make way  
(Move)  
Who are you to test me?  
I seen your last porno flick, it ain't impress me

Wassup? Cuddle sport, here's a thought  
(The only records that they got, are the records their  
crew bought)  
Damn real B rock, get fienin', spunky  
Pin the tail on the donkey  
[Unverified]  
Go, go, go, go, go, go, go, go

I do more poppin' than a blockhead, wreck the wax-

heads, I'm fed  
(Go ahead, you retired tack-head)  
Back to the fact of the track witta new thought  
You couldn't smoke butts witta match and a Newport  
Here we go, we go, we go again, witta flow we know,  
we know it's in  
(Def play like Poppa Simpson)

KayGee's on the slice, can he coclean?  
Doin' more scratchin' than a funk and a dope fiend  
Go knock the blocks off, get your props off  
But don't cop off, cop out, and I'll cuts off  
Another renegade of rap will stop that

I'm more feared than a Sugar Hill contract  
I'm known for Lettin' The Hos Go, my demo's all flow  
When cursin' was a nono, you dodo  
Give it up cos I'm hot witta warm hate  
I won't stop, pop, 'til that head is screwed on straight

I take shorts, and no sorts, so take that clone  
The only thing I take is the 8 to the path home  
And I take you all the way to the north stop  
Your style's more foul than a pork chop

I rock the hip-hop, nonstop ticktock  
Around the big clock, witta spot, ticktock  
Pin the tail on the jackass, it don't mean jack  
(Chill)  
To a brother from down the hill  
Back track with a rap that remains funky  
(Hmm, and it's ugh)

Back in the day, y'all, I played with playdough  
The dough is real now, and dildo's feel how  
A starvin' hungry MC gets when  
MC [unverified] your own is the big sin

I'm starvin' up, it's time ta, call them up, yup  
Get 'em and cut 'em up, stuff 'em and cook the duck  
Tough luck, tell 'em to shut up and jet  
And feel the threat of a real life roughneck  
Pin the tail on the donkey

[Unverified]  
(Check check, where you, where you at, at?)  
That another best will need a hard vest for this head  
check)  
(What? There's another, Treach?)  
That's what I heard, yep

Three steps from a pit, boom, in his chest  
I never knew a nigga really wanted to die  
Instead he bit, instead of lookin' me eye-to-eye, then I  
Knew he was truly thru, dumb plus the one  
To meet the mighty one, call a bad one

I rhyme about what I want to, microphone 12  
You're doin' like [unverified] then a bomb do  
The MC of RHP to L double ok  
At, in the ninetie, or watch me SC  
And I might top to step to a sexy  
Fancy, prancy and dancy

No cosmo stomp, her's the true form  
Style's so fat, it gets fitted with a shoe horn  
Here's a clearer mirror, dear ya  
Lookin' in nearer, 'cos I don't fear ya  
Some get too souped to the point

Where it's still too thick but still lick thru and thru  
Always wanted a guy to come and try  
To get sly and try ta, get by my  
Hideous, treacherous style that's wreckin' it  
Pin the tail on the donkey

What the [unverified]  
Yo, yo, yo, yo, wassup yo?  
What happened? It's like that?  
We gon' rush you again  
Go, go, go, go, go, go, go, go
