Hup, yeah, guess who's back?

who's back?  
Settin' off the 19Naughty4/Naughty5 flavor, guess  
who's back?  
Word up, this is how we do things, guess who's back?  
Uh

'Cos it's a slang bang thang  
Slang bang, it's a slang bang thang, a slang bang  
thang  
'Cos it's a slang bang thang  
Slang bang, it's a slang bang thang, a slang bang  
thang

Hup  
Get up, get up but don't push me  
'Cos I ain't mooshy mooshy, you can't mash me  
You chocolate bastard with your smile, your face looks  
ashy

Sendin' detrip witta free trip to blast out outer  
See this, 'cos I'm that nigga that'll leave you ass out  
like G-strings  
Meanin' I'm fienin', your heart trips when it stay at work  
So fuck, fear you fear, fuck, one jerk I'll make your  
head hurt

The punani, they're making pairs perk, who'll dare flirt  
I get kitty's from your city, just near where your man's  
work  
I be on that ass like ol' mole, turnin' your whole show  
slow-mo  
'Cos you're too good to corroso

I'm on and off so you know my shit ain't partial  
Pardon me, packin' arsenals, takin' knees and nostrils  
Our style is savagery, you try to be the badder G  
You ain't even the man, you just the filling, where's the  
cavity?

Father be grabbin' it, gravity, have the gravity grabbin'

Actually after we nigga naturally have to meet

'Cos it's a slang bang thang  
Slang bang, it's a slang bang thang, a slang bang  
thang

'Cos it's a slang bang thang  
Slang bang, it's a slang bang thang, a slang bang  
thang

'Cos it's a slang bang thang  
Slang bang, it's a slang bang thang, a slang bang  
thang

'Cos it's a slang bang thang  
Slang bang, it's a slang bang thang, a slang bang  
thang

One check to the chin and you'll be bust quicker than  
liquor  
Aw shit, pop her chain and lock her rock, a city slicker  
Slick a rhyme, kick or vick her, knock her without a  
popper  
I take the cake, took the chain but left the lock up

Love me or leave me, hate me or like me  
Might be gettin' feisty, fuck yeah I'm sheisty  
Shit yeah, I fit there, [unverified] your shit wear  
You're a trick until you niggered me a bitch without  
liquid

Some thank me for puttin' the hanky in panky  
Slappin' stanky like lightning, stickin' Yankees like  
Benjamin Franky  
Fuck buyin' kitty cases and city lights  
Just give my loot, get your licks and get all the high  
titties right

But then, I'm into what you bitches is sayin'  
So I wasn't really feelin' on her ass, I was just  
massagin' her brain  
The objects that I learned from the projects  
Try Treach I bet, and get your throat choked like my  
necks

'Cos it's a slang bang thang  
Slang bang, it's a slang bang thang, a slang bang  
thang

'Cos it's a slang bang thang  
Slang bang, it's a slang bang thang, a slang bang  
thang

My mind thinks right, [unverified] pick snipes

Don't pluck, I'll fuck your finger  
At any [unverified] prejudice Presley [unverified]  
Now I got more snipes than Wesley

Test me, touch me and lay next to the rest of the best  
The rusty monks or [unverified] who tried to fuck me  
But see this is where I boom and zoom  
Just drive a line like a cartoonist on some soon shit

Adidas couldn't read us so they freed us  
Then we tried Reebok from a cheater, succeeded then  
got weeded  
Oh Anna, rip of some grandma's, no my Grandma from  
Santa Ana  
To Atlanta where cops ain't a-feared and niggas wear  
'dannas

Now tell ya lady that I'm crazy when I'm summin'  
There's a party and I'm out and guess who's comin'

'Cos it's a slang bang thang  
Slang bang, it's a slang bang thang, a slang bang  
thang

'Cos it's a slang bang thang  
Slang bang, it's a slang bang thang, a slang bang  
thang

'Cos it's a slang bang thang  
Slang bang, it's a slang bang thang, a slang bang  
thang

'Cos it's a slang bang thang  
Slang bang, it's a slang bang thang, a slang bang  
thang

Hup, hup, yeah niggas  
It's all about a slang bang doin' this shit lyrically on wax  
And gettin' paid for it

Word up, we don't care where you're from  
Everybody can get down with the slang bang  
We doin' rhyme-bys on record  
Ha ha ha ha, woo wee
