L-Burna (Layzie Bone)

Miscellaneous

Thug By Nature

(L-Burna)

I'm callin' my shots just how I see it, believe it

My nigga, I G it

Got a few things that's on my mind

So nigga gon' listen up while I free it

Whatever's needed, I'ma get it

And if I wanna get weeded, I'ma hit it

All of these dramas, niggas ain't sayin' they did it

Lil Lay commited (damn right)

Niggas is bucklin' up under pressure

Nevertheless still screamin' they thugs

If crap don't work for the number 1

I'm packin' my heat, sellin' more drugs

Ain't a damn thing ceasin, if my bankroll decreasin'

Open up shop at the first of the month

nigga, continue my creepin' on a come up

until I'm done up, dead and gone

You can look at my life and call me bad

But nigga, you read me wrong

And, nigga, I be head over heels 'til I get fifty mill or  
mo'

If it's this dough these niggas wanna kill me for

Well I refuse to be broke

I'm contemplatin' murder on the government

Desporito be the motto

All shit be hard to swallow be ready for war if you follow

Atend hut, two, three, fo'

Soldiers get your paper

Nigga, you die if you a hater

Take it from a thug by nature, by nature

(Chorus)x4

Cause I'm a thug by nature, thug by nature, yeah, yeah

(Gotta keep thuggin', we're thuggin', thuggin',  
thuggin')

(Livin' the life of a thug, thug, thug)

(L-Burna)

Now, it's a few rules to the game

By now, I'm thinkin' everybody should know  
Number one when you get your paper  
Don't go around trickin' it off on these ho's  
God bein' a thug ain't nothin' easy  
Now, when you rollin' in a Benz  
Everybody be out for your ends  
You really don't know who the fuck your friends  
And paranoia might overrule ya  
But look to the future, don't blink  
Nigga, and your ship might sink  
Endin' up dead or in the clink  
And it take a raw dog  
Mothafucka, to stay on top of the pile  
Now, I got a style and you got a style  
But is the weight gon' pull you down?  
Not me, I'm blowin' pounds  
I see a cloud that's how I do it  
Picture me rollin' thru a city near you  
And stayin' true to it  
Nigga, you seen me in the video  
I know you seen me at the bar  
Seen my diamonds glisten and shinnin'  
And you thinkin' I'm a star  
But nigga, by far I'm just a thug  
Mission sharper than a razor  
When you on the go, lil' Lay gon' take ya  
I'm a thug by nature, by nature

(Chorus)x4

Cause I'm a thug by nature, thug by nature, yeah, yeah  
(Gotta keep thuggin', we're thuggin', thuggin',  
thuggin')  
(Livin' the life of a thug, thug, thug)

(L-Burna)

Roll, come and roll with me  
As I take you on a journey thru my hood, mothafucka!  
You can hear the police sirens blazin'  
After these niggas that's paper chasin'  
Throwin' house parties in the basement  
How niggas doin' it in the wasteland  
Nigga, get down and dirty quickly  
Really, did he wanna commit that crime?  
One for all my nigga, we had to grind  
We had to get down for our crimes  
Mental mindstate about money  
Murder and bitches, to say the less  
Even I know it ain't good to stress  
These wicked streets really a test for all niggas  
My niggas, y'all niggas be ready to ball  
Niggas ready for war for when we call niggas

Talkin' about them raw niggas  
Throw your fist up take a chance  
Niggas is hustlin' out here, gettin' it  
What you tryin' to do, I did it  
How you tryin' to live, I done lived it  
I only be fuckin' around with major moves  
Niggas done heard the stories  
If your shit ain't tight then I played you fools  
You losin' to get the glory  
That's straight up and down  
Nigga, pound for pound, round for round  
We can make this happen  
Niggas be snappin', guarenteed satisfaction  
Bringin' y'all nothin' but action  
Nigga this here is what the game made me  
But Layzie, I'm just a thug, and that's the thang to be,  
to be  
Nigga this here is what the game made me, made me  
I'm just a thug, and that's the thang to be, to be

(Chorus)x4

Cause I'm a thug by nature, thug by nature, yeah, yeah  
(Gotta keep thuggin', we're thuggin', thuggin',  
thuggin')  
(Livin' the life of a thug, thug, thug)
