You were at the automatic door  
Letting all the heat out of the store  
You hadn't got a clue who you were greeting for  
So you ran for Queen of America  
You ran for Queen of America

Everyone in leather uniforms  
So we can tell the cool from merely warm  
And keep you all identical from the day that you were  
born  
'Til you ran for Queen of America  
You ran for Queen of America

We let the Nazis off the hook  
Because of Marx's famous book

You told me you were Gay And Proud  
And disappeared into the crowd

So you ran for Queen of America  
You ran for Queen of America  
A man for Queen of America  
You ran for Queen of America

(God save our noble Queen  
Sweet man of liberty  
Of thee I sing)
