It was a dark and stormy night, and the bar was packed  
I took a long hard pull on Jimmy, John and Jack  
My buddies were a mess, we all looked like shit  
and I was scanning round the place for any targets to hit

I said what next can I get some rough sex  
Can I find a victim for my next conquest?  
and just when I lamented  
that the night was circumvented  
in walked three fine young contented  
foxy fine females!

We rolled on up, and I tipped my hat  
thinking time to show these ladies where the cool kids  
at  
We didn't mean no harm, and I was dripping with  
charm  
but their cool reaction said we'd bought the farm

Their eyes cold frost, told us all to get lost,  
get the hell away, begone at any cost  
but just when doom was looming  
conversation was resuming  
and then they began consuming  
some tequila shots!

Everybody knows somebody  
who can't control their alcohol  
And when they've lost those inhibitions  
accidental pimps can have it all

As we watched from afar we saw 'em gulping it down  
There was so much liquid flowing that I thought they  
would drown  
We knew at that point that they were deep in a binge  
and we had an opportunity to take our revenge

so we found a couple guys looking desperate as hell,  
said for a hundred bucks that they could have some  
tail  
then I pointed to the threesome,

said it was my little harem,

all they had to do was grab'em  
and the night was theirs!

Everybody knows somebody  
who can't control their alcohol  
And when they've lost those inhibitions  
accidental pimps can have it all

What I did was wrong, but those chicks were gone,  
Within moments it was on like donkey kong  
They never figured out what we'd gone and done,  
and selling their ass paid for our night of fun

I say what now, got a new cash cow,  
I'm the new king, milk years out of this sow  
Just when you've made the grade,  
in this game you always played,  
threw yourself on the grenade,  
and you're finally getting laid,  
who d'ya think is getting paid?

Everybody knows somebody  
who can't control their alcohol  
And when they've lost those inhibitions  
accidental pimps can have it all

Everybody needs some money  
(you're drinkin, I'm pimpin, you've lost it, don't know it)  
at least to buy some alcohol  
(you're drinkin, I'm pimpin, you've lost it, don't know it)  
And when your wallet's nearly empty  
(you're drinkin, I'm pimpin, you've lost it, don't know it)  
accidental pimps can have a ball  
(you're drinkin, I'm pimpin, you've lost it, don't know it)
