Hey shawty what's yo numbah?  
I got money in the bank  
I'm rollin in my pimped out ride  
Back up dat ass I wanna spank

I'm checkin' out you checkin' me  
I'm gonna get you all alone  
And when you naked on the 'flo  
We'll down a bottle of patron

Oh goddddddddddd!!!

What the hell where did good taste go?  
Another talentless hack on the radio  
He never learned to sing,  
He found his voice in a cereal box

There once was a time when it took more edge  
Than a weekend course in studio knowledge  
When lyrics meant something  
And singers didn't sound like androids

Let me off this stroller coaster  
I'm far too bored with the repeated repetition  
Can't they find another toy  
Cuz this one's played out, there's no competition

But in the meantime, I'll throw myself on the wagon

I can't sing, so I'm singing like a douchebag  
Singing like a douchebag whoaaaaaaa  
I've got no skill so I'm singing like a douchebag  
Singing like a douchebag whoaaaaaaa  
I think I'm a robot, I think I'm R2D2  
Singing like a douchebag whoaaaaaaa  
Do you believe in singing like a douchebag?  
Douchebag, singing like a douchebag

Years ago when I was just a lad  
I'd never heard a song with this pathetic fad  
They can't hold a note, or carry a tune  
In their bravado soaked hands

Just like plastic surgery it's reached a peak  
Where too much tuning has created a freak  
Where music is synthetic  
And singers just sound like assholes

It's not too late to buck the trend  
And lose the gimmick that you can't defend  
Maybe with some vocal coaching  
You won't have to pretend

I can't sing, so I'm singing like a douchebag  
Singing like a douchebag whoaaaaaaa  
I've got no skill so I'm singing like a douchebag  
Singing like a douchebag whoaaaaaaa  
I think I'm a robot, I think I'm R2D2  
Singing like a douchebag whoaaaaaaa  
Do you believe in singing like a douchebag?  
Douchebag, singing like a douchebag

I want to sing better  
But this way I'm artistic and creative  
What once was an annoyance  
Has grown into something we can't forgive

I want to sing better  
But this way I'm artistic and creative  
What once was an annoyance  
I just can't.. can't let live but

I can't sing, so I'm singing like a douchebag  
Singing like a douchebag whoaaaaaaa  
I've got no skill so I'm singing like a douchebag  
Singing like a douchebag whoaaaaaaa  
I think I'm a robot, I think I'm R2D2  
Singing like a douchebag whoaaaaaaa  
Do you believe in singing like a douchebag?  
Douchebag, singing like a douchebag
