There was a time when we would laugh,  
and throw around great piles of cash  
but that's gone, it looks like that's gone, whoa ohhh

There was a time when caviar  
was served inside our luxury car  
but that's gone, I guess that's also gone whoa ohhh

It seems just days ago  
Our lives were lived inside a bubble  
Despite the gains in our bank account  
Our love remained subprime

Tucked away in our economy  
lay a ticking bomb of fiscal folly  
and soon we'd reap the dividends  
of being funemployed!

I didn't get laid and I didn't get off  
but they said to take my stuff and walk  
I've got no job and I've got no pay  
but I'm free to hold you every day

whoaaaa oh oh love in the time of recession  
whoaaaa oh oh let's take a 7 month staycation  
whoaaaa oh oh our savings have all disappeared  
whoaaaa oh oh now kiss me through my recession  
beard

So now we have to ask ourselves  
Do we miss the gold that filled our shelves?  
Cuz it's gone, it looks like it's gone, whoa ohhh

Was it a crutch we were Lehman on  
or was it just another con?  
but it's gone, I guess it's also gone whoa ohh

You look so very cute  
underneath your golden parachute  
You debonnaire recessionista  
I'll never leave your side

You stimulate my package growth  
There's nothing better for us both  
We've made it past the tipping point  
and made the right downturn

I didn't get laid and I didn't get off  
but they said to take my stuff and walk  
I've got no job and I've got no pay  
but I'm free to hold you every day

whoaaaa oh oh love in the time of recession  
whoaaaa oh oh let's take a 7 month staycation  
whoaaaa oh oh our savings have all disappeared  
whoaaaa oh oh now kiss me through my recession  
beard

I love the way you act like a sexual creditor  
You're my own personal cash bailout  
With you while making love there's no recessionary  
period  
Like a bear market you're always going down

SOLO

Hey ho let's go  
Grab your partner now do-see-do  
We're too big too fall, we're all set to brawl  
We've too much cash to blow

Hey ho let's go  
The economy is too quick to slow  
We've seen it all we're standing tall  
Just look out way below!

I didn't get laid and I didn't get off  
but they said to take my stuff and walk  
I've got no job and I've got no pay  
but I'm free to hold you every day

whoaaaa oh oh love in the time of recession  
whoaaaa oh oh let's take a 7 month staycation  
whoaaaa oh oh our savings have all disappeared  
whoaaaa oh oh now kiss me through my recession  
beard

whoaaaa oh oh it's not as bad as it might seem  
whoaaaa oh oh we'll start a little ponzi scheme  
whoaaaa oh oh I know not working's kinda weird  
whoaaaa oh oh now kiss me through my recession  
beard
