you think you're so damn cute the way you bat your  
eyes  
you think you're freakin' clever, the way you spy on all  
the guys  
you think you know it all by peeking in my phone  
you think you're gonna find something that's for my  
eyes alone

what are you looking for when you're snooping around  
the problem is you know your sources aren't reliable  
playing detective you're a pedigree bloodhound  
but there's another word for that kind of animal

you're just a little faker  
you shake your money maker  
it seems I've got myself a  
Sherlock Honey

stop fighting moriarty  
give up the morphine party  
you can't deduce a thing  
here comes the honey shot

you think you you're so damn sneaky to steal all my  
passwords  
you think you understand that conversation you  
overheard  
you think you hid so well those bugs in my room  
you think you're foolin' me, but that's what I let you  
assume

what do I have to do to set your mind at ease?  
I always comfort you with my rod and staff  
you smoke your pipe and say it's elementary  
I won't play Watson to give you the last laugh

you're just a little faker  
you shake your money maker  
it seems I've got myself a  
Sherlock Honey

stop fighting moriarty

give up the morphine party  
you can't deduce a thing  
here comes the honey shot

detective, snoop, gumshoe  
thinks she's a private eye  
another sherlock honey out about and on the sly

detective, sleuth, shamus  
thinks she's a private eye  
another sherlock honey's found a way to lose a guy

Oh private eye  
she's on the sly  
to lose a guy

what can I do  
your point of view  
it seems you haven't got a clue

SOLO

you're just a little faker  
you shake your money maker  
it seems I've got myself a  
Sherlock Honey

stop fighting moriarty  
give up the morphine party  
you can't deduce a thing  
here comes the honey shot

another widowmaker  
an untrusting heartbreaker  
it seems I've got myself a  
Sherlock Honey

you say you love me damnit  
you're from another planet  
you can't deduce a thing  
and that's the honey shot
