"You & Me"

Hard times never ever have been easy
Sometimes all you gotta do is fight.
Take time 'cause I don't want you to leave me.
Make time 'cause I want you in my life.

Waiting upon a forest
To rise up from the ground
Learning what came before us
Digging right down, down, down.
Our heads are feeling lighter,
Our legs weak at the knees.
So come on, hold me tighter,
Let's shine brighter,
Let's be you & me.

My mind has a tendency to wander.
My heart has a temperamental beat.
That's why I've been looking over yonder,
That's why I've been feeling incomplete.

Waiting upon a forest
To rise up from the ground
Learning what came before us
Digging right down, down, down.
Our heads are feeling lighter,
Our legs weak at the knees.
So come on, hold me tighter,
Let's shine brighter,
Let's be you & me.

Take time just to make time,
'cause I don't want you to leave.
Take time just to make time,
'cause I want you to believe.
That we all have our own purpose
Nothing's wrong and nothing's worthless
Sometimes it just takes a little digging underneath the
surface
Pushing, pulling, overthrowing everything worth ever
knowing
Living, dying, loving, crying, trying, sighing, flying,

soaring
High, high, high
Higher than the blue in the sky
High, high, high
Higher than the blue in the sky
High, high, high
Higher than the blue in the sky
High, high, high
Higher than the blue in the sky.
