If you wanna fly, let me take you for a ride  
I know you gonna like it, you gonna like it  
I can take you higher then a 747  
Let me be your pilot, be your pilot  
You can be my passenger, passenger, passenger  
You can be my passenger, passenger, passenger  
You can be my passenger, passenger, passenger  
Just hold on tight, I'm feeling nasty girl  
You can be my passenger

Let's fly, this time  
I'm the best that rapped the Westside  
Let's fly, let's go  
Girl, you just need to let go  
We grown, we gone  
Don't pack your bags, leave home  
No phone, no cares  
Say where, we can go there  
In case you haven't heard  
You are now my passenger  
Live fast though fast is blur  
But I clearly see your ass, I heard  
He'll make it crash and burn  
Your BG had his turn  
So fly we fly so high  
We pass the birds

If you wanna fly, let me take you for a ride  
I know you gonna like it, you gonna like it  
I can take you higher then a 747  
Let me be your pilot, be your pilot  
You can be my passenger, passenger, passenger  
You can be my passenger, passenger, passenger  
You can be my passenger, passenger, passenger  
Just hold on tight, I'm feeling nasty girl  
You can be my passenger

Let's fly, let's float  
DY put on the West Coast  
So doped, she's hooked  
L-o-v-e from my head to my foot

Now look, we bow  
Anytime you need me  
Just call, I'm there  
We're gone  
New time zone 'bout 6 in the morn'  
In case you haven't heard  
You are now my passenger  
You make me have this urge  
She had me with half of word  
Can I be your passenger  
On that ass of yours, Jenny-curved  
You faced, some waste  
Pick any place on planet Earth

If you wanna fly, let me take you for a ride  
I know you gonna like it, you gonna like it  
I can take you higher then a 747  
Let me be your pilot, be your pilot  
You can be my passenger, passenger, passenger  
You can be my passenger, passenger, passenger  
You can be my passenger, passenger, passenger  
Just hold on tight, I'm feeling nasty girl  
You can be my passenger

In case you haven't heard  
You are now my passenger, yeah  
Yeah, you are now  
You are now my passenger

In case you haven't heard  
You are now my passenger, yeah  
Yeah, you are now  
You are now my passenger

You can be my passenger, passenger, passenger  
You can be my passenger, passenger, passenger  
You can be my passenger, passenger, passenger  
Just hold on tight, I'm feeling nasty girl  
You can be my passenger

You can be my passenger, passenger, passenger  
You can be my passenger, passenger, passenger  
You can be my passenger, passenger, passenger  
Just hold on tight, I'm feeling nasty girl  
You can be my passenger
