The love for you
To change my mind
But now I do it all the time

Iâ€™ll find the branches of the truth
Iâ€™ll give them to you

But the same
Weâ€™re all the same

Set apart by different names
But underneath, weâ€™ve got the code

Youâ€™re part of the whole world

(Chorus)

Wrapped in a box with liquid keys

Is a treasury of we

Connecting us entirely

Infinitely

Feel the harmony

But the same
Weâ€™re all the same

Set apart by different names
But underneath, weâ€™ve got the code

You can let it go

Youâ€™re part of the whole world
(Chorus)

Come to, gonna
To hear, to know
And itâ€™s by nothing to know of
True see got nothing

To hear your words
Oh to hop to the vacant children
We beat our heads against the wall
We press our eyes into the ground

We beat our heads against the wall
We press our eyes into the ground
Oh to hop to the vacant children

We beat our heads against the wall
We press our eyes into the ground

We beat our heads against the wall
We press our eyes into the ground

Chalked in a riddle
We divine
Take away the answer
Ease your mind
Suffer and together
Your hand in mine
