Packed up my things
Midnight I'm leaving
Chasing my dreams
Will you follow
Riding the highway
One stop to Broadway
Little too late to look back

You know that I might be gone forever
Is forever to soon
Don't leave it up to fate to be together

She may meet somebody better
She may need more
More than I've got
She may leave me forever
It's the chance that I'm taking
With all that I've got
She may leave

If I bought you that house
By the Hollywood hillside
Maybe a suite in the city
Would you think twice
Or have you already made up your mind [Mind]
What would it take to be near me

You know that I might gone forever
Is forever to soon?
Don't leave it up to fate to be together
And I'll be there waiting for you
[I'll be there waiting]

She may meet somebody better
She may need more
More than I've got
She may leave me forever
It's the chance that I'm taking
With all that I've got

Hey, I don't feel the same
Everything was strange

It's taking me over the edge
I'm torn between two loves
Send the prayers above
It's killing me
That she may
That she may need

[More than I've got]
[More than I've got]

She may meet somebody better
She may need more
More than I've got

[She may leave]
She may leave me forever
It's the chance that I'm taking
With all that I've got

It's the chance that I'm taking
With all that I've got
She may leave
