Said the voice from afar, don't you know it doesn't have to be so hard?  
Waiting for everyone else around to agree  
Might take too long, might take too long  
When it won't be so hard (it won't be so hard)  
Well it's true, yes but you won't get far telling me

That you are all you're meant to be  
When the one from my dream  
Is sitting right next to me  
And I don't know what to do, oh alter ego

Get them to love you while they may depending on your words and wealth  
The only one who's really judging you is yourself  
Nobody else, nobody else  
If I could part it wouldn't be so hard (it wouldn't be so hard)  
Well it's true, yes but you won't get far telling me

That you are all you're meant to be  
When the one from my dream  
Is sitting right next to me  
And I don't know what to do, oh alter ego
