### "Christmas Tree"

I may not have a car, I may not have the rent  
I may not have to love to you cause all the money I  
spent  
See I'm a simple man, I might not have a clue now  
I might not have the answers  
But one thing I know it's true  
When I look around, I know I have so much more  
Left in store, for you  
It may not be the world, but I hope it's enough  
Cause our love the money can't buy, it's forever  
I might not have it all, but all I need is you and me,  
together  
So it's Christmas  
I'm gonna put my lover... me  
The Christmas tree

I may not have no diamond, I may not have no silver no  
gold

For you girl  
You know I'm a simple girl, yeah  
Satisfied with you I don't need no one  
But when I look around, I know I have so much more  
Left in store, for you  
It may not be the world, but I hope it's enough  
Cause our love the money can't buy, it's forever  
I might not have it all, but all I need is you and me,  
together  
So it's Christmas  
I'm gonna put my lover... me  
The Christmas tree, the Christmas tree, the Christmas  
tree, yeah  
Whoa, so this Christmas, I'ma gonna put my lover... me  
The Christmas tree, the Christmas tree, the Christmas  
tree, yeah.
