(chorus)

my distant distant love  
straight from up up up above  
no I cant go on this way  
living day to day  
while you so far away  
ooh no my distance love

(verse 1)

I finally found a door to the heart a key (aki) works for  
lyrically youre worth more deeper than the earth's core  
speaking all my first thoughts missin your kisses and  
hugs  
listen I wishn for your love make you my misses for  
good  
a thought the skies were the limit  
but holdin you while you cried hurt my mind and my  
spirit  
Im hoping your by my side when its time for my ending  
but I cry cuz without you my mind gets offended  
what to do so confused cuz I feel so lost again  
I cant breathe like i need you but no oxygen  
this is no game I know you feel the same  
and theres only one to blame but i know you feel this  
pain  
sorry if i let you down but i had to move  
visiting and leaving really made my heart crack in two  
yes this is accual and I hope you had a clue  
but I miss seein your smile while I had the view  
never gonbe mad at you but the distance is tragical  
I just wanna laugh with you conversate and relax with  
you  
everynight ma you really get the best of me  
I wake up every morning really thinking you were next  
to me

(chorusx2)

(verse 2)

I really love you and ill always be there  
I just get you stuck in my mind like yes I care  
when the time sucks dont worry i will fix thou fears  
but I could give a fuck about that little bicht downstairs  
sincerely youve been the best fresh like winter  
yes  
though im far you really gotta stop with them cigarettes  
to the left of your chest but the inner breast  
heart beats fast while I hold you and I feel the best  
you need my lovin im ready to go there  
cuz of you 06 is already a good year  
and you already really own my own affection  
when I blow you know im bound to by a home by texas  
I wish they had some kind of marriage plan for best  
friends  
holding you less tense directed protection  
why pick friends that are close but they werent not  
Id rather have ashes on my uh with a burnt box
