On the edge of the water
Where the ships pass by
And the sound of your laughter
And the endless sky
Keeps my head back
Full of swimming thoughts
Beneath deep breathing
That I sink so far down
That I sink so far down
That I sink so far down

And I handle my business
Then I know the price
Is of no consequence
You have looked with your eyes wide open
To what's inside
That I sink so far down
That I sink so far down
That I sink so far down
I went under

I went looking went searching under the waters
Sinking and searching 'til you pulled me under
To where you are
To where we build our house
And so we sink so far down
And we can't go back now
Can't go back now

On the edge of the water
Where the ships pass by
And the sound of your laughter
And the endless sky
Tips my head back
Full of swimming thoughts
Beneath deep breathing

Oh I know there's clarity
Oh there's honesty with you

I went looking went searching under the water
Seeking and searching

'Til you pulled me under
To where you are
To where we build our house
And so we sink so far down
That we can't go back now

Sink so far down
When I know you're around
And I can't go back now
Can't go back now

Sink so far down
When I know you're around
And I can't go back now
Can't go back now
Sink so far down
When I know you're around
And I can't go back now
Can't go back
