Tho I'm afraid  
I know I'm afraid  
I'm drunken I'm tired  
And the city I'm walking  
The city I'm walking  
It feels like it swallows  
With my hand in my pocket  
I feel like the shadows  
I feel like the shadows

Tho I'm afraid  
Afraid that I have made a mistake  
Now there's nothing here for me

The things you once told me  
The thoughts you once gave me  
Sounded like the wind in my ears  
And blows up the thoughts  
I've got in my long brown hair

I feel like the shadows  
I don't even bother for  
Anymore than that

What did you whisper  
In my ear  
What did you tell me  
And I wanted to hear

What was the answer  
You wanted me to find out  
There's no lies no lies  
No lies no lies

Brought back something  
I built for you  
I built for everyone  
You and all your pieces  
You and all your pieces  
Oh I love your games  
Strong enough to make me stay  
And now it will be alright

I feel like the shadows  
I don't even bother for  
Anymore than that

I feel like the shadows  
I don't even bother for  
Anymore than that

What did you whisper  
In my ear  
What was the answer  
You wanted me to find out  
There's no lies no lies  
No lies no lies
