For anyone who knows
For anyone who's been
Forever in my heart
I'll see you in my dreams

For anyone who loves
For anyone who feels
I'm never giving up
Until the dream is real

I know it's gonna be alright
Forever I'll be by your side

For anyone who knows
For anyone who's been
Forever in my heart
I'll see you in my dreams

I know it's gonna be alright
Forever I'll be by your side
I know it's gonna be alright
Forever I'll be by your side

For everyone who loves
For everyone who feels
I'm never giving up
Until the dream is real

Until the dream is real
Until the dream is real
Until the dream is real
