Life's too short not to forgive
You can carry regrets but they won't let you live
I'm here if you want to call
Staring at the spot on the wall
It's a beautiful world when you know who you are
You're moving too fast in the back of a car

You're giving it another try
Standing at the deep blue sky
And you say to the driver, just drive
Cos you've never felt so alive

We open the door, and let out the sound
All that we heard was a dream rebound
I'm bouncin? off walls
Right here in my mind

I'd kill for a dream tonight.

A looking glass heart thrown at the wall
Don't see me but I see it all
It smells so sweet but it's wrong
And everything pretty is gone

Well here's my glass and here's one for you
Cause these dark glasses need something to do

You're giving it another try
Standing at the deep blue sky
And you say to the driver, just drive
Cos you've never felt so alive

We open the door, and let out the sound
All that we heard was a dream rebound
I'm bouncin? off walls
Right here in my mind

I'd kill for a dream tonight.

I'd kill for a dream tonight.

Na na na na naaa

Na na na na naaa
Na na na na naaa

I'd kill for a dream tonight.

Na na na na naaa
Na na na na naaa
Na na na na naaa
