You didn't know what to say  
But I'll commend you today  
Can't get out your own way  
Well hold on, hold on, hold on

I'm hiding out in the sun  
I'm getting everyone done  
Just me hitting the wall  
Here I come, here I come, here I come

Just call me the roller  
I'll squeeze and unfold you  
Call me the roller  
I'm just gonna show you

So you've been crawling through a maze  
An alcohol lemon haze  
I've been watching you for days  
You've been out of sight, alright, alright

I'll take you somewhere you never need to be  
I'll give you something you never need to feel  
The only thing is everything is real tonight, tonight,  
tonight

Just call me the roller  
I'll squeeze and unfold you  
Call me the roller  
I'm just gonna show you  
Just call me the roller  
I'll come blow you over  
Call me the roller  
I'm pleased that I know you

I'll take you somewhere you never need to be  
I'll give you something you never need to feel  
The only thing is everything is real tonight, tonight,  
tonight

Just call me the roller  
I'll squeeze and unfold you  
Call me the roller

I'm just gonna show you

The roller (14x)
