Get up off your knees my friend,
Promise never to pretend,
You're the apple of my eye
Spread your wings and learn to fly

All I know is you can be,
Everything you want to be
Life is short so don't be shy
Tears of joy is all you find

Soul love, soul love
Come into my world,
It's all for you, everything I do,
It's all for you

You can never be too sure,
What or who's behind your door
Watch the people gather round,
The circus has just come to town

All I know is I can be,
Everything I want to be
Life is short so don't be shy
Spread your wings and learn to fly

Soul love, soul love
Come into my world,
It's all for you, everything I do,
It's all for you
Soul love, soul love
Come into my world,
It's all for you, everything I do,
It's all for you

Soul love, soul love
Come into my world,
It's all for you, everything I do,
It's all for you
It's all for you
All for you
It's all for you
