Yeah, I crawl across your floor
I thought you might notice
Well, I just can't say for sure
I guess that when you do I'll know it

I breathe it in
I breathe it out
You say you gotta go
But I've got to let you know

That I'll never let you
Never let you never let you walk away

And alright I let you down again
And alright I let you down again
And alright I let you down again
And alright I let you down again

Yeah, lets sing the songs they wrote

And maybe you'll remember
When I hang on every note
Because you make your voice so tender

I breathe it in
I breathe it out
You say you gotta go
But I've got to let you know

That I'll never let you
Never let you never let you walk away

And alright I let you down again
And alright I let you down again
And alright I let you down again
And alright I let you down again
