Well they got all kinds of booze
I got my jazz cigarettes
You got to know in the morning
There will be pain and regrets
But tonight oooo tonight the big dog's gonna howl
There ain't no doubt that the big dog's out
Can't leave well enough alone
The big dog's back running with the pack
Forget about your black cat bone
Oooo oooo big dog's gonna howl
The big dog's gonna howl
Oooo ooo big dog's gonna howl

Staying out late in some dive bar
I'm digging that bitches brew
I know tomorrow i'm done for
But i need something to chew
'cause tonight oooo tonight, the big dog's gonna howl
It's plain to see that big dog's free
Who's the little pussy cat?
The big dog's wanna have some fun
Tonight i got my mojo back

Oooo ooo, big dog's gonna howl
The big dog's gonna howl
Oooo ooo, big dog's gonna howl
The big dog's gonna howl
Oooo ooo, big dog's gonna howl
The big dog's gonna howl

Oooo oooo
The big dog's gonna howl
