Called her name, but the wind blew strong  
I called in vain, though I tried so long  
Called the sea, to bring her home  
But the sea don't hear, and I'm still alone  
I feel an emptiness inside  
Something within me, I can't hide

Standing here, looking at the sky  
But the light I see can't tell me why  
I feel an emptiness inside  
Something within me, I can't hide

Every time I stop to think  
That's the time I get lonely  
That's the time, it hurts the most  
Every time I get lonely

What went wrong?  
Who am I to blame?  
Did I wait too long  
To call her name?

I feel an emptiness inside  
Something within me I can't hide

Called her name but the wind blew strong  
I called in vain, though I tried so long  
Called the sea, to bring her home  
But the sea don't hear and I'm still alone
